muscle pain.

- Promote blood flow.
- Relax tight muscles.
- Help you get a better night's sleep.
- Promote healthier, younger-looking skin.

Let's take a closer look at some of the proven benefits of hot tubs.

1. Reduced Stress

That feeling of bliss that washes over you after a few minutes in a hot tub isn't just your imagination.

As New York-based dermatologist Dr. Bobby Buka told Healthline, "[your skin releases endorphins in response to the soothing warm water the same way that endorphins are released when you feel the sun on your skin.](#)"

Endorphins are natural brain chemicals that are
